

This topographic map depicts the Grand Canyon Airport and its surrounding terrain. The airport is centrally located, with a long runway and taxiway system. To the north of the airport is a large 'Wash' (washbasin) and a 'Tank'. Several 'Borrow Pit' locations are marked with 'x' symbols. The map features brown contour lines indicating elevation, with labels such as 6650, 6600, and 6636. A red line runs vertically through the right side of the map, likely representing a major road or boundary. Other features include 'Airway Beacon', 'Water Tank', and 'Wells'. The map is overlaid with a grid of latitude and longitude coordinates, with labels like 112°30'W and 112°20'W at the top and bottom edges.

NOTES
Produced by TerraGo Technologies, Publisher for ArcGIS.
Resources included within this chart may have been derived from the following: OSM, ESRI, BOEM, NGA, USDA, and USGS.
Not all data layers represented maintain the same accuracy level, therefore the map scale applied does not necessarily equate to the implied horizontal and vertical positional accuracy.
