

This topographic map depicts the Grand Canyon Airport and its surrounding terrain. The airport is centrally located, featuring a runway and taxiway. To the north of the airport is a large wash, and to the south is a tank. Several borrow pits are marked on the map. The terrain is characterized by numerous contour lines, with elevations ranging from 6500 to 6700 feet. Key features include the Grand Canyon, Grand Canyon Wash, Grand Canyon Tank, and Grand Canyon Borrow Pit. The map also shows the Grand Canyon Airport, Grand Canyon Wash, Grand Canyon Tank, and Grand Canyon Borrow Pit. The map is overlaid with a grid showing latitude and longitude coordinates.
