**NOTES**  
 Produced by TerraGo Technologies. Publisher for Argis.  
 Resources included within this chart may have been derived from OSM, ESRI, BOEM, NGA,  
 USDA, and USGS.  
 Not all data layers presented maintain the same accuracy level,  
 therefore the scale applied does not necessarily equate to the implied horizontal and vertical positional accuracy.  
 Published Date: 7/24/2015

**DISTRIBUTION**  
 TerraGo Technologies provides this geographic data "as is" and makes no warranty concerning the accuracy of information contained within this chart. TerraGo is unaware of any content distribution restrictions. Please refer to the individual source websites for additional publication / distribution guidelines. Requests should be referred to TerraGo's Sales Department, 678.391.9777.

SCALE 1:6,000  
**WGS 84**  
 All elevation values (aeronautical, relief and hydrographic) are based on mean sea level
